While we've tried to be as accurate as possible, sometimes the answer required more than a simple yes or no. For example, while all river cruise companies in our table offer complimentary shore excursions in ports of call, some charge for "optional" excursions. Also, airport transfers are included when air tickets are purchased with the river cruise company, but may not be included otherwise. We've indicated companies that always include airport transfers, even for guests who have made independent air arrangements.
